

## Theme Design Package

Get expert design for a branded and professional membership site.

**\$1,000**

### Consider This Service If:

You don't know HTML/CSS or do not have access to a web designer. Also, consider this if you do not have the time or do not want to customize an existing CustomerHub theme to match your brand.

### Key Benefits:

- Professional design for a more effective membership site
- Smooth integration and design process
- Faster launch process and time to market

### What's Included:

- Initial theme mock-up
- 2 theme design revisions within 30 days
- Customized theme design for navigation layout, background/header images

### What's Not Included:

- CustomerHub strategy consultation or training
- CustomerHub setup or implementation services
- Custom page design
- Content creation
- Phone calls with the designer

Customers must provide a logo and website URL to reference for branding purposes. Customers are also responsible for providing graphics, copy and any other information or instructions necessary to help achieve the desired theme customization.

NOTE: Customers will not have phone calls with the designer. Design requirements will be gathered initially via an online form.
